

# Kentucky GIS Listserv Information and Instructions

We encourage you to share ideas and information with Kentucky's GIS community through the KYGIS listserv. You will receive items pertaining to GIS submitted by our staff and other listserv participants. To join the listserv, send your name, preferred e-mail address and agency/company address to <insert new inquiry email address here>. You may unsubscribe at any time by sending another message to that mailbox with "UNSUBSCRIBE" in the subject line.

To submit an item for delivery through the listserv, simply compose an email and send it to [kygis@listserv.ky.gov](mailto:kygis@listserv.ky.gov). Following approval by the listserv administrator, your message will be released and distributed to all members.
